 KAILUA-KONA, HAWAII

The island of Hawaii is grand and glorious. Fountains of lava erupt from active volcanoes and snow-covered Mauna Kea reaches to the heavens. Tropical rainforests shelter rare birds, wild orchids and stately koa trees.

In Kona, the sun shines nearly every day and the life-style is casual and easy. Aromatic Kona coffee grows in the fertile soil of the uplands, and some of the world's largest marlin are reeled in from coastal waters. Many sacred Hawaiian temples are carefully

preserved in this historic area. Outrigger Kanaloa at Kona's oceanfront setting on sparkling Keauhou Bay is the perfect retreat for travelers who seek the tranquility of this peaceful section of Hawaii's Big Island.

Each spacious one-and two-bedroom, and two-bedroom with loft condominium unit features a large private lanai. Relaxing pastels and rich native wood accents create an island feeling. Complete kitchen, cable TV, washer and dryer, wet bar, ceiling fans and free parking are standard.

Two-bedroom units offer two full baths. Jacuzzi baths are available in most Ocean View Villa units. Three swimming pools, lighted tennis courts, barbecue grills an excellent oceanfront restaurant and the neighboring Kona Country Club championship golf course are added attractions.
