OUTRIGGER KIAHUNA PLANTATION

Imagine the welcoming aromas of sweet plumeria and sea salt mixing on the breeze. Feel the warm sand sift through your toes as the Hawaiian sun embraces you. Gaze at the brilliant blue waters of Poipu Beach and watch as the sunrays dance and twinkle on the waves.

Built in the early 1900s and once an estate to the wealthy Moir family, Outrigger Kiahuna Plantation has built itself around the famed plantation house. Whether you decide to dine on the lanai at Plantation Gardens restaurant or enjoy drinks at the bar, you'll be transported back to a simpler time.

Stroll through the resort and discover a multitude of beautiful blossoms and foliage. Don't miss the array of breathtaking orchid plants, each a generous gift from appreciative guests and staff members. The Moir cactus garden is another spectacular attraction on the resort grounds. Created in the 1930s, this garden remains

as one of the many personal touches the Moir family has left behind.

Nestled within thirty-five sprawling acres of lush lawn, these cottage-style condominiums are bordered by sunny Poipu Beach. Serene and uncrowded, this spot is perfect

for sunbathing, swimming and snorkeling. Each one- and two-bedroom condominium includes a complete kitchen, spacious living room and private balcony. Only at Outrigger Kiahuna Plantation, guests receive daily maid service, resort-wide signing privileges and preferred access to golf, tennis and dining.

Outrigger guests also have access to the Kiahuna Swim and Tennis Club, featuring a swimming pool with waterslides, whirlpool spa and children's area, tennis courts, full-service pro shop and CasaBlanca Restaurant.

Rich in history and natural beauty, Outrigger Kiahuna Plantation seems almost magical. Surrounded by tropical gardens and swaying palm trees, this beachfront haven awaits you on the Garden Island of Kauai.
